BOBBY KNIGHT ENDORSES KIRK HASTON

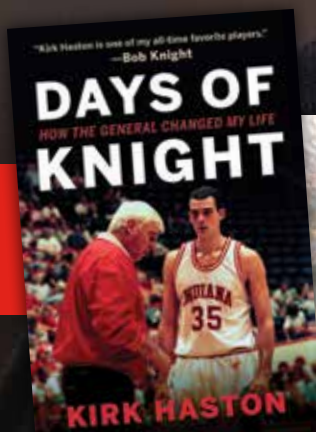

“

I had the great pleasure of having Kirk Haston on an extremely good basketball team that I coached. Kirk had all the qualities necessary to win. He was, first of all, very intelligent. Secondly, he has a tremendous desire to win and a great work ethic.

Above all else, he was a great team player. No player I ever had was more intelligent or hard working than Kirk Haston. I think these characteristics would be tremendously valuable as a State Representative.

Over my lifetime I have met a lot of dumb politicians, but he will absolutely not be one of them.”
